MODEL:NA-2600

FRAMS: Akoma,France

PADS: Silica gel

TEMPS: Silica gel

BRIDGE: Profile

FEATURES: Discoloration

SIZE: 47□15-130

Arkema French children's frame series, material is qualitative soft, comfortable, arbitrary bending deformation, maximum joint head type, removable silicone nose, replaceable silicon pile head and its leg, one of six parts, satisfy children's sense of curiosity, intellectual; Tail has ears rope hole, foot wear ear rope movement off. The group series style a lot. Color is rich and not Abraham hunters, bullish market.
